**X3 for Support**

## Overview

The purpose of this document is to assist tax firms with initial GruntWorx set-up and to provide a quick reference for the ongoing use of GruntWorx to populate 1040 client tax forms into GoSystem Tax RS™ 1040 tax software client files.

### What you get:

- Your client's tax forms - identified, labeled and organized in the order of a 1040 and returned in a bookmarked PDF
- Data extracted from client tax forms and automatically inserted into the client's GoSystem Locator
- A Pointsheet workbook including a Diagnostics sheet, a Missing Documents sheet and, if selected, spreadsheets with extracted capital gains.

For the purpose of this guide, references to “**jobs**” are references to submissions to GruntWorx of client source documents (PDF format) associated with a single taxpayer/spouse tax return.

**Scanning Note:** The quality of the scanned documents submitted to GruntWorx is vitally important to your firm's successful use of GruntWorx products.

This guide assumes the client's tax forms have already been scanned to PDF format **using the black and white or monochrome setting, at a minimum quality setting of 300dpi.**

For best results, please read the [Best Practices for Scanning Tax Documents Guide](#), available by calling 877-830-6059 and selecting either Sales (X2) or Support (X3).

## Administrator Functions - for GoSystem Tax RS™

### 1. Set-up firm, Add Accounts, Add Users

- If no already registered, Click Free Trial Link
- At Registration screen - complete registration
- Accept master agreement
- Accept EULA
- **Important:** The GoSystem Tax RS™ user must have contacted GruntWorx prior to the submission of the firm's first Populate job to enable access to web services at Thomson Reuters. **Please call 877-830-6059 X2 if you have not yet spoken to GruntWorx.**
- At dashboard, select "Admin Settings" link - at top right
- Click "Show" Preferences link at left
- Select Thomson GoSystem Tax RS™ tax software and firm-wide preferences

- At "Accounts" tab on the Admin screen, add Account/s (required). A "Default" account is supplied. The default account should be re-named to match one of the firm's GoSystem Tax RS™ accounts. All Account names must match the specific GoSystem Tax RS™ accounts associated with firm Client tax files.
- At "Users" tab on the Admin screen, add users and assign passwords and account access. Add, Edit, Delete, Activate and Deactivate Users in individual and batch actions.

### 2. Add Client/s

- At Dashboard – Click Add/Import Clients

The screenshot shows the GruntWorx dashboard interface. At the top, there is a navigation bar with 'Welcome: Janice Oneil (Sign-Out)', 'Dashboard', 'User Settings', and 'Admin Settings'. Below this, the 'Dashboard' section is active, showing 'Client List' and a 'PURCHASE TOKENS' button. A dropdown menu for 'ADD/IMPORT CLIENTS' is open, showing 'Add New Client' and 'Import Clients' options. Red arrows point to the 'ADD/IMPORT CLIENTS' dropdown and the 'Add New Client' option. Below the navigation bar, there is a search bar for 'Search Name and ID' and buttons for 'SELECTORS', 'REFRESH PAGE', and 'DOWNLOAD GRUNTWORX AGENT'. The main content area shows a table with 'Total Records: 144' and a table with columns: Client Name, ID, Account, Job Type, and Job Status. The table contains two rows: 'ABT, HARRY' with ID '123765' and Account 'TEST', and 'Alexander, Charlie' with ID 'CHARLIE' and Account 'default'. The 'Job Status' for 'Alexander, Charlie' is 'Downloaded'.

**Important:** For each client added, the Client ID and Account number must be identical to the GoSystem Locator and Account in the GoSystem Tax RS™ tax software.

**To add a single client** - on the “Add/Import Clients” dropdown menu click “Add New Client”; fill all required fields

**To upload multiple clients** - on dropdown menu click “Import Clients”, follow instructions and template to create the csv import file.

**Call us: 877-830-6059**  
**X2 for Sales**  
**X3 for Support**

## User Functions (continued)

### 3. Submit Job

- **Required:** Trial users should have a fresh client return rolled from the prior tax year to current or, in the tax software, start a new client file

**Note:** Minimum required client tax file data for Populate job processing: **Taxpayer and Spouse name/s; SSN/s and filing status** filled on the “Taxpayer Information” screen in the “General Information” section of the Client Organizer.

- The user may upload files after saving a new client, or at the GruntWorx Dashboard, click on the client name to access the Client Details Screen

The screenshot displays the GruntWorx interface for a client's details. At the top, the GruntWorx logo is on the left, and navigation links for 'Welcome: Chase Newell (Sign-Out)', 'Dashboard', 'Org LITE', 'User Settings', and 'Admin Settings' are on the right. Below the logo, the page title is 'Client Detail' for a client named 'Test'. There are buttons for 'DELETE-RESET-RESUBMIT' and 'GO TO CLIENT'. The user's ID is 'AGENT' and the account is 'A75N'. The main section is titled '2016 Documents' with a job status of 'No Documents'. It features two tabs: 'Source Files' and 'Processed Files'. A table with columns 'Document Name', 'Status', 'Uploaded', and 'Processed' is shown, but it is empty. A message says 'There are no files available for processing. Add client tax documents using the UPLOAD FILES button'. There are buttons for 'REFRESH PAGE' and '+ UPLOAD FILES'. A callout box points to the upload area, stating 'Drag and drop as many as 15 files here.' Another callout box points to the '+ UPLOAD FILES' button, stating 'OR, browse to upload. Max file size is 150MB for each of 15 files.' At the bottom, there is a footer with links for 'Frequently Asked Questions', 'Contact Support', 'Help', '© 2017 GruntWorx, LLC. All Rights Reserved', 'Privacy Policy', and 'About Us'.

- Click “Upload Files” button
- Browse and add files (as many as 15, five at a time; maximum of 150MG per file)
- click “Upload Documents” button
- At the “Client Details” screen click “Process Files”
- Select processing options and click “Process Files”.

**Important:** the User must be logged-out of the GoSystem Tax RS™ Client tax file during job submission and population.

## User Functions (continued)

### 4. Review GruntWorx Output Files

Email notification, if selected in User preferences, alerts the user that the job is complete. The email serves also as notification that tax data has been populated into the Client Locator and that the GruntWorx Bookmarked PDF and Pointsheet, including the trades import file (if trades option selected), are ready for download and review.

#### A. Download and Save Files

At the Dashboard, click the Client name associated with the “completed” job to go to the Client Details page.

- Under the “Processed” tab, the first file listed is the organized and bookmarked PDF.
- The second file is an Excel workbook called the Pointsheet.

The screenshot shows the 'Processed Files' tab in the GruntWorx interface. It features a table with columns for 'Document Name', 'Status', and 'Processed'. Two files are listed: 'paul\_cra\_PAULCRA\_bookmarked-1.pdf' and 'paul\_cra\_PAULCRA\_Pointsheet-1.xls', both with a status of 'Processed' and a date of '1-23-2013'. Below the table are two buttons: 'MARK AS DOWNLOADED' and 'DOWNLOAD ALL'. Callout boxes provide instructions: 'To view and download completed files, access from the Processed Files tab.' points to the 'Processed Files' tab; 'Click to view or save files individually' points to the file names; 'Select checkboxes for one or both files and click Download All to download as a ZIP file' points to the 'DOWNLOAD ALL' button; and 'Mark as Downloaded after files are saved to the network or DMS' points to the 'MARK AS DOWNLOADED' button. The footer includes links for 'Frequently Asked Questions', 'Contact Support', 'Privacy Policy', and 'About Us'.

Document Name	Status	Processed
<input type="checkbox"/> paul_cra_PAULCRA_bookmarked-1.pdf	Processed	1-23-2013
<input type="checkbox"/> paul_cra_PAULCRA_Pointsheet-1.xls	Processed	1-23-2013

**Note:** Output files can be viewed from the GruntWorx “Processed File” tab but, to take advantage of the links between the Pointsheet and the Bookmarked PDF, the user must save the documents to their desktop or firm-designated file system.

To review the documents, it’s easiest to use two monitors: opening the PDF image in one monitor and the Pointsheet in the other.

### C. Pointsheet Review - Worksheet Overview

The Pointsheet is an Excel™ workbook, provided with every GruntWorx Populate job. Included in the workbook are a worksheet with Diagnostic job notes, and another with a list of Missing Documents.

When the GruntWorx Trades option is selected, worksheets for each Consolidated 1099 Trades account, a worksheet with separately reported 1099-B's as well as worksheets (Control and Group1) used to generate the GoSystem Tax RS™ capital gains import file are also provided.

49														

- Review the Diagnostics sheet (3rd tab from left) for comments related to client file population
- Click the blue hyperlinks on the Diagnostic sheet linked to the corresponding page in the open Bookmarked PDF

### E. Pointsheet Review - Trades

- From the Support section of GoSystem Tax RS™, download the **1040 Capital Gains DIF Toolkit**, required to import Trades
- From the **1040 Capital Gains DIF Toolkit**, save
  - the “User Guide” for detailed instructions on editing and formatting the **Group 1** worksheet provided with the GruntWorx with Trades Pointsheet.
  - the **DIF Template file**
- In the GruntWorx Pointsheet, review trades for each Consolidated 1099 and 1099-B account. Edits completed on the individual brokerage account worksheets, will carry to the Group 1 sheet automatically.

**Note:** If either the “Audit” or “Make DIF” buttons on the Group 1 worksheet are activated before the review is complete, all subsequent transfers of changes from the individual brokerage account sheets to the Group 1 worksheet will need to be made manually.

**Trades Tip:** Where "S" or "L" is seen in Purchase Date and Holding Period Columns - User action is required. The DIF file Audit will accept either a legitimate date in the Purchase Date with a blank Holding Period or if the Holding Period (S or L) is used, both Purchase and Sale Dates must be blank. One of these two approaches must be used for each transaction that includes S or L.

Sample: Corresponding Group 1 Sheet

--	--	--	--	--	--	--	--	--	--	--

F. Make DIF Import File

- When review the Group 1 sheet is complete, be sure to fill columns G, M P and R with the appropriate code – not populated by GruntWorx
- Click the “Audit” button to format the trades for import. Follow the instructions on the screen. If errors are found, an “Audit” worksheet is generated to display the errors.
- When errors are corrected and the Audit successful, click the “Make DIF” button. Follow the instructions on the screen.
- **Note:** click the “Yes” button to add and remove placeholders when prompted.
- Name and save the **DIF Import file**

### 6. Reset Failed Job

Occasionally the user will receive notification of a failed job. To try again, using the same ClientID, a **Reset Client** function is available for both Populate and Organize jobs.

NOTE: Reset cannot be used if the Locator Number is incorrect, the client must be deleted and added back.

- The user should access the Client Details Page and click the **DELETE/EDIT/RESUBMIT** button at upper right.
- Select “Reset Client” to remove the document/s
- Confirm Reset to set the job as a “new job”

- Fix the error, e.g.: Print and scan for password protected documents, or update your GoSystem password on the GruntWorx site.
- Upload documents and “Process”.
