

Here are instructions to help ProSystem fx users sign up for a Free Trial of GruntWorx and instructions for how to use GruntWorx with ProSystem fx.

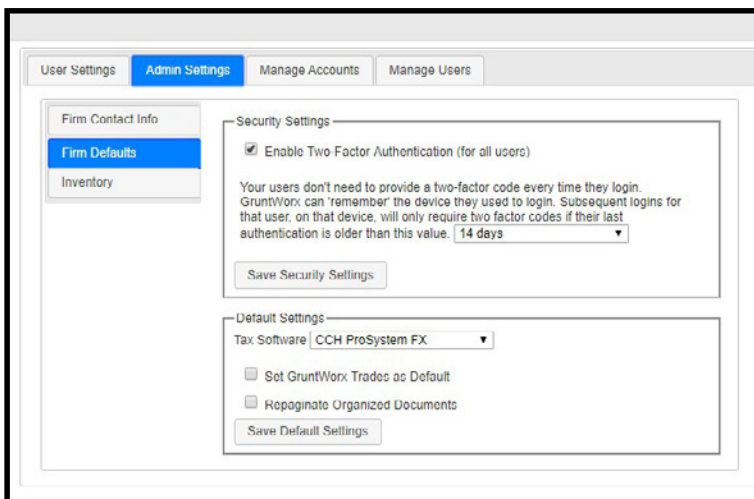

## How to Set up a GruntWorx Account

- ➔ From the GruntWorx.com homepage, enter email address and click **FREE TRIAL!**
- ➔ Complete the Registration
- ➔ Look for the sign-up email including the temporary password
- ➔ Log in to the GruntWorx Portal and set up new password
- ➔ Read and accept the master agreement and EULA
- ➔ In the top right-hand corner of the GruntWorx Dashboard, click on **Settings**

- ➔ Select the **Admin Settings** tab, then **Firm Defaults**
- TIP:** Only users with Administrator rights have access to Admin Settings.

### Security Settings

- Set firm-wide **Two-Factor Authentication** settings here

### Default Settings

- Select **CCH ProSystem FX** as **Tax Software**
- Set firm-wide job preferences:
  - Option to have Trades Add-On as default
  - Option for Repagination as default
- Click **Save Settings** after making any changes

**TIP:** Repagination is where GruntWorx Organize sorts the pages you submitted in the order of the 1040.

→ Admin Settings also provides Firm Contact Info and Inventory settings

### Firm Contact Info

- Update any firm details
- Click **update firm** to save changes

### Inventory

- Provides detailed job history and the account's current balance
- Run a Job Cost Report by selecting start and end dates and clicking **download report**

Date	Memo	Credit Adjustment	Credit Balance
06/01/2020	beginning balance		598.60
06/03/2020	account clients / job 420073	-9.75	595.85
06/03/2020	client CLIENTDEMO / account default	-13.75	502.10
06/03/2020	client TEST123 / account default	-13.75	568.35
06/05/2020	account clients / job 420252	-2.75	565.60

→ Other Settings are **User Settings, Manage Accounts, and Manage Users**

**! IMPORTANT:** Admins must add users and give account permissions in order for others in the firm to have access.

### User Settings

- Update **User Contact Information** at any time. This is used for GruntWorx to report any issues with job submissions.
- **Job Status Notification** preferences can be changed to text, email or no notifications
- Set the user's **Two Factor Authentication** settings
- Click **Update User Settings** after making any changes

### User Preferences

- Change the **Default Display Tab**
- A **Warn when balance is below** field allowing the user to be alerted when the account balance reaches the selected amount.
- Admin users will have a check box to have the **billing data displayed on the dashboard**

**! TIP:** This is a great way to see individual costs at a glance

- **Change Your GruntWorx Password** here

**! TIP:** Passwords expire every 90 days

→ To continue set-up, click **Download Agent** from the GruntWorx Dashboard

- Once the download is complete, run GWAgentSetup.exe (the file you downloaded) and select **GruntWorx Agent for ProSystem fx**
- Follow the prompts to complete installation

**⚠ IMPORTANT:** Depending on the user's IT policies and browser permissions, installation of the GruntWorx Agent may require administrator rights and/or the assistance of firm IT personnel. In some cases, anti-virus software should be temporarily disabled to allow a complete installation of the GruntWorx Agent software.

## Configure ProSystem fx for use with GruntWorx

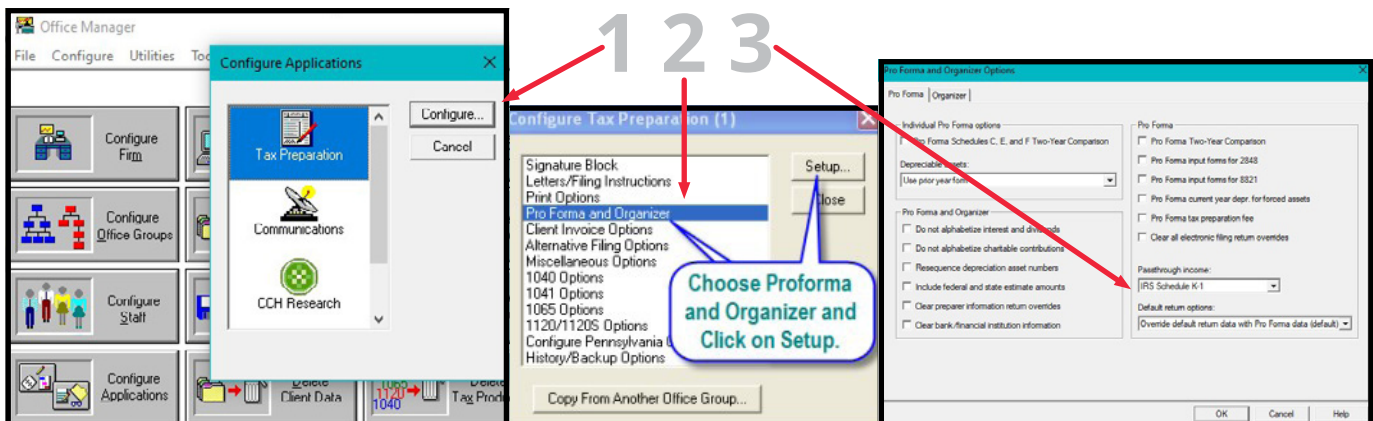

Be sure to follow the configuration steps **before** submitting any jobs.

To configure the tax software, open Office Manager:

**Step 1:** Click **Configure Applications > Tax Preparation > Configure**

**Step 2:** Then select **Pro Forma and Organizer > Setup**

**Step 3:** At this window, make sure the Passthrough income field has **IRS Schedule K-1** selected from the menu

**⚠ IMPORTANT:** After the above settings have been configured, users must roll their clients from the prior year to apply the K-1 settings.

# How to Submit Jobs

- ➔ Add Clients
- ➔ From the GruntWorx Dashboard, click on an icon to add client(s)

**Adding Client to Clients**

First Name \*

Spouse Name

Last Name \*

Client ID / Locator\*

Client ID/Locator must match tax software

(\*) required fields

cancel reset save and add another save

- ➔ To add a single client:
  - Click on and fill out all required fields

**IMPORTANT:** Client ID must be identical to the ProSystem fx Client ID

**Import Clients into Clients**

Select a CSV file to import

import cancel

The CSV file must be in this format:

Last Name, First Name, Spouse Name, Client ID

CSV info

- The CSV file should not use column headers: only the client information, in separate columns, following the above format.
- Up to 500 clients can be imported with each CSV file.
- Spouse Name is an optional value and may be left blank (but the column must be present).
- The ClientID must contain only letters, numbers, and/or a comma.
- The ClientID should match that in your tax software.

Example:

	A	B	C	D
1	Washington	George	Martha	1789-1797
2	Adams	John	Abigail	1797-1801
3	Jefferson	Thomas	Martha	1801-1809
4	Madison	James	Dolley	1809-1817
5	Monroe	James	Elizabeth	1817-1825

- ➔ To add multiple clients:
  - Click on to upload a CSV file.
  - Follow the instructions and template to create the .csv import file
- ➔ To submit the client source documents: Click on the client's name, then either drag-and-drop PDF files, or click in the field with the dotted lines to browse the computer for files

**IMPORTANT:** Add up to 15 PDFs per client, 150MB per PDF.

- ➔ Once all the files are uploaded, click **process files**

- ➔ Two boxes will appear
  - Choose either **Populate**, to have all the data extracted and imported into ProSystem fx and have it Organized into a bookmarked PDF or **Organize**, to only receive a bookmarked PDF, labeled with Payer Names.
  - Then choose to either **Extract Trades**, or have **No Trades** extracted.
- ➔ Once selections are made, click **Submit**

➔ Proforma collection will begin

⚠ **TIP:** The GruntWorx Agent will access the client tax file in the ProSystem fx tax program to retrieve the client's proforma info and submit the job to GruntWorx

- Minimum required fields in the client tax file are Name(s), SSN(s), Filing Status and Home State
- If there are any discrepancies with the SSN or Client ID, an error will occur
- If multiple versions of the client exist in ProSystem, the user will select the version to process

**⚠ IMPORTANT:** ProSystem fx must be **open** when submitting and importing jobs. Your client's tax file should be **closed** during this time in order to give the Agent access.

Return ID	Client name	Client ID	Preparer	Office across	Status	Last Activity	Description
191-0519-V1	SCHYTT, JANE	0119		1		Data Changed	
191-1214-V1	SCHYTT, JANE	1214		1		Data Changed	
191-30112-V1	Schmidt, Thomas	30112		1		Data Changed	
191-NK913-V1	FISH, JELLY	NK913		1		Data Changed	

➔ Once the job is complete, a job completion **text message** or **email notification** is sent to the user

## When a Job is Complete

- ➔ After receiving a Job Completion notification, log back in to the GruntWorx Dashboard
  - If the site stayed open in the browser, the page will need to be refreshed, and sign in again
- ➔ Click on the client's name - notice in the column farthest to the right it states **Completed**
  - If Organize was selected, there will be a PDF named **bookmarked.pdf**
  - If Populate was selected, there will be a **bookmarked.pdf** and a **Pointsheet.xls**
  - If trades was added to Organize or Populate, there will be a **Pointsheet.xls**

GruntWorx | Welcome: John Smith (Sign-Out) | Download Agent | Help | Settings | Add To Balance

Clients: Organize List

Show 15 entries

Client Name	ID/Locator	Job Type	Job Status
SMITH, JANE	1234	Populate	Completed (3)
SMYTH, JUSTIN	9589	Populate + trades	Completed (3)

Showing 1 to 5 of 5 entries

bookmarked.pdf  
Pointsheet.xls

Page Processing (2 pages) 0.10  
Page Validation (2 pages) 0.20  
Form Population (2 forms) 1.50  
TOTAL \$1.80

- ➔ Click on either file to download and open
- ➔ The **Pointsheet.xls** file requires Microsoft Excel to view and edit the document
  - After opening the .xls file, the user will need to enable Excel's macro feature

File Home Insert Page Layout Formulas Data Review View Developer Help Tell me what you want to do

PROTECTED VIEW Be careful—files from the Internet can contain viruses. Unless you need to edit, it's safer to stay in Protected View. Enable Editing

SECURITY WARNING Macros have been disabled. Enable Content

- The user should then review the **Diagnostics sheet**
  - There will be comments related to this job, and, if it was a Populate job, there may be flags on certain pages or fields put there by GruntWorx validators.
  - If the job has any Customer Diagnostic Notes, we recommend checking those pages thoroughly and making changes if necessary before moving on.

	A	B	C	D	E	F	G	H	I	J	K	L	M	N	O
1	Tax Payer: SMITH, JOHN														Preparer Notes:
2	Tax Year: 2020														
3	Client Id: 5656														
4							Check Data	Populate							
5															
6															
7	Diagnostics -														Review Notes:
8	Professional review required														
9	Inconsistent Owner/SSN - correct, add Owner(TSJ), verify Sheet/Entity/Activity numbers and un-check to populate														
10															
11															
12															
13															Ask Client:

- If edits were made in the Pointsheet, the user should click **Check Data** to verify field formatting is still correct after making the necessary changes.
- With ProSystem fx open and the client's tax file closed, click **Populate** inside the Pointsheet excel file.
- ⚠ **TIP:** If multiple versions of the client exist in ProSystem, the user will select the version to process.
- The Agent will then populate the data into the client file. These changes can be viewed on the screen as they are being imported. The computer should be given the time to complete the import.
- When the import is complete, open your client's return and easily review or adjust any fields within your ProSystem fx tax software.

For more information on the Pointsheet, please refer to the [Pointsheet Guide](#) and [Pointsheet video](#)

Tips for best scanning practices can be found here in this [video](#).  
For system requirements click [here](#).
